

# Conference Agenda November 22nd

08:30	<b>Doors Open. Registration, Refreshments, Networking and Exhibition</b>		
09:00	Welcome, Kevin Holmes, Vice President North Western Europe, Intergraph Process Power & Marine		
09:15	C1 - Process, Power & Marine Division Overview, Gerhard Sallinger, President of Intergraph Process, Power & Marine		
10:00	C2 - Strategic adoption of Smart 3D in Aker Solutions, Sindre Sæther, Vice President, Aker Engineering & Technology AS		
10:45	<b>Break</b>		
11:00	C3 - Sponsor Presentations, CAXperts, Leica, Trimble, Desurvey, IBIC, ETAP		
11:30	<b>Networking Lunch and Exhibition (Lunch will be served at 11:30 in hotel restaurant)</b>		
	<b>Breakout Session Tracks</b>		
	<b>EPC</b>	<b>Project Execution &amp; OO</b>	<b>Product Updates</b>
12:30	E1 - Automation - Endless possibilities in Smart 3D. Prasad Mantraratnam, Intergraph and Darren Litherland, Grenland Group	O1 - Unleashing lifecycle value for Owner Operators – and Contractors. Adrian Park, Intergraph	P1 - 2D Schematics Update, including SmartPlant Instrumentation and SmartPlant Electrical. Frank Joop, Intergraph
13:10	<b>Break (5 min to find your next track)</b>		
13:15	E2 - Making your first steps with Automation and integration with Smart 3D Toolkit utilities. Darren Litherland, Grenland Group and Prasad Mantraratnam, Intergraph	O2 - CADWorx, Intergraph's solution for smaller and less complex projects. Paul Martin, Intergraph	P2 - SmartPlant Enterprise Information Management Update. This session will cover the latest updates to SmartPlant Foundation. We will also cover updates to Intergraph's SmartPlant Enterprise for Owner Operators solution templates. Adrian Park, Intergraph
14:00	<b>Break and Exhibition</b>		
14:30	E3 - SmartPlant Construction, Leveraging the power of integrated Construction Planning Chris Why, Intergraph	O3 - SmartPlant Enterprise from an Owner Operator perspective. Experience from Nynäs. Håkan Andersson, Intergraph	P3 - Smart 3D v2011 This session will provide an overview of some of the major new features including improvements to the Reference 3D technology and the enhanced To Do list features available in V2011. David Whittle, Intergraph
15:10	<b>Break (5 min to find your next track)</b>		
15:15	E4 - SmartPlant Instrumentation Customer cases Frank Joop, Intergraph	O4 - SmartPlant Enterprise for Owner Operators - Handover strategies. Adrian Park, Intergraph	P4 - Intergraph CAS Analysis tools Steve Gillott and Chris Bradshaw, Intergraph
15:55	<b>Break (five min to find your seat in Valhall 1)</b>		
16:00	C4 -Teorien om Peak Oil og motforestillinger, Øystein Noreng, professor i petroleumsøkonomi ved Handelshøyskolen BI		
17:00	<b>Conference Close day one</b>		
19:00	<b>Dinner and Entertainment - meeting point hotel reception</b>		

# Conference Agenda November 23rd

08:30	<b>Doors Open. Registration, Refreshments, Networking and Exhibition</b>		
09:00	C5 - Software as a Service. Upcoming deliveries and services from Intergraph. Highlighting "Software as a Service" – SaaS, Kevin Holmes, Intergraph		
09:45	C6 - SmartMarine Enterprise implementation in GL Noble Denton Brevik, Per Kittelsen, Senior Engineer at GI Noble Denton		
10:30	<b>Break</b>		
	<b>Breakout Session Tracks</b>		
	<b>EPC &amp; Product Update</b>	<b>Project Execution &amp; OO</b>	<b>Product Updates</b>
10:45	E5 - Reducing Risk in Electrical Engineering. Ferry Zuiderwijk, ETAP and Frank Joop, Intergraph	O5 - SmartPlant P&ID use at Haldor Topsøe. Aino Irene Jensen, Haldor Topsøe	P5 - CAESAR II info and update. Steve Gillott, Intergraph
11:30	<b>Networking Lunch and Exhibition</b>		
12:30	E6 - SmartPlant Foundation with tools integration at Chematur. Anders Holmberg, Chematur	O6 - Efficient capture of existing plant legacy information including capture of spatial information will become increasingly important competitive differentiators for brownfield process facilities. Lars Gulbrandsen, Leica Geosystems Adrian Park, Intergraph and David Whittle, Intergraph	P6 - SmartPlant Materials & SmartPlant Reference Data interface with 3D. Barry Holton, Intergraph
13:15	<b>Break (five min to move to Valhall 1)</b>		
13:20	C7 - Summing up the conference tracks, how can SmartPlant 3D integrated with the SmartPlant Enterprise help to improve safety and deliver the improvements in engineering schedule and operational costs required in a high cost country, Kevin Holmes		
	<b>Technical User Forum and Exhibition - some of our experts will be available from lunch till conference closing.</b>		
	<b>TUF</b>	<b>TUF</b>	<b>TUF</b>
13:30	Process and Engineering, Technical User Forum, Aino Irene Jensen, Haldor Topsøe	SmartPlant Foundation Technical User Forum Tonia Pedersen, Conoco Phillips Norge	3D Technical User Forum, Terje Ørbeck, Grenland Group
			Instrumentation and Electrical, Technical User Forum, Kent Hamre, Conoco Phillips Norge  Welcome and presentations, Kent Ronny Hamre - 15 min  Planned harmonization between SPI & SPE. Safety design with SmartPlant products, Frank Joop - 30 min  Macro Expansion in SPI for data from P&ID, Bård Robstad - 20 min  New Telecom functionality in SPI, Nitin Moghe, Conoco Phillips Norway - 20 min  Prioritizing of E&I CR's and TR's, Kent Ronny Hamre - 20 min  Open discussions
16:00	<b>Conference Close</b>
