

INTERGRAPH® Process, Power & Marine

ECITB Funded Courses for the SmartPlant® Enterprise Suite and PDS®

Following a review of industry training needs, the ECITB has extended the range of engineering design software courses it funds through its training levy. The new list now includes all of the core components of the SmartPlant Enterprise suite.

A full list of the courses covered is provided below. For information on training dates or holding courses at customer sites, please contact your Intergraph Account Manager or Tina Rose on 01793 492680 tina.rose@intergraph.com.

Further Information About the ECITB

The ECITB is a statutory body which acts on behalf of industry in assessing and collecting a training levy from all liable engineering construction employers. The collection of the training levy allows ECITB to focus on helping employers to attract, develop and qualify the people needed to meet work demand and create a sustainable, competitive workforce.

ECITB Approved Intergraph Training Courses

Please visit the Intergraph UK website for details on the courses : <http://www.intergraph.co.uk/ppm/training.aspx>

Course Ref	No days	Course Title
SmartPlant® 3D		
TSMP1001	5	SmartPlant®3D - Piping & Equipment Design
TSMP2003	5	SmartPlant®3D Structural - Including common environment
TSMP2003B	3	SmartPlant® 3D Structural -Excluding common environment
TSMP2004	4	SmartPlant® 3D Electrical Modelling
TSMP3001	4	SmartPlant® 3D Setup & Administration
TSMP2001	4	SmartPlant® 3D Drawing Configuration
TSMP2002	3	SmartPlant® 3D Isometric Drawings
TSMP2005	2	SmartPlant® 3D Report Customisation
TSMP3002	5	SmartPlant® 3D Piping & Equipment Reference Data
TSMP3005	5	SmartPlant® 3D Global Workshare Setup
TSMP4001	5	SmartPlant® 3D Programming 1 (Symbols & Rules)
TSMP4002	5	SmartPlant® 3D Programming 2 (Automation)
SmartPlant® Layout		
TPB4004	2	SmartPlant® Layout - for Customers who have prior SP3D training
TPB4005	4	SmartPlant® Layout - for customers with no prior SP3D training

		SmartPlant® Review
TPB4002	1	SmartPlant® Review Base Module
TPB4003	1	SmartPlant® Review Advanced Topics (additional SPR modules)
		SmartPlant® P&ID
TPB3004	3	SmartPlant® P&ID Operator
TPB3036	4	SmartPlant® P&ID Setup & Administration
TPB3037	4	SmartPlant® P&ID Automation
		SmartPlant® Instrumentation (INTools)
TPB3006	4	SmartPlant® Instrumentation Operator
TPB3034	2	SmartPlant® Instrumentation Administration
		SmartPlant® Electrical
TPB3008	4	SmartPlant® Electrical Operator
TPB3009	4	SmartPlant® Electrical Advanced
		SmartPlant® Foundation
TTEF2005	5	Intro to SmartPlant® Foundation - Admin 1
TTEF3500	5	SmartPlant® Foundation - Admin 2
TTEF3050	5	SmartPlant® Foundation Modelling & Schema Editor
TTEF4001	5	SmartPlant® Foundation Adapter Authoring
TTEF9001	5	SmartPlant® Foundation Delta Training
		PDS
TPB3011	5	PDS Piping & Equipment Design
TPB3012	3	PDS Frameworks+
TPB3014	4	PDS Raceway Operator
TPB3043	4	PDS Raceway Customisation
TPB3047	4	PDS Pipe Support Modelling
TPB3015	2	PDS 3D Project Deliverables
TPB3016	2	PDS Drawing Manager
TPB3017	2	PDS Interference Manager

TPB3018	2	PDS Report Manager
TPB3020	2	PDS Project Setup
TPB3041	5	PDS Piping RDB Customisation
TPB3042	3	PDS Piping EDEN Customisation
TPB3044	3	PDS Isogen Customisation
TPB3045	4	PDS Advanced Project Administration
TPB3046	2	PDS Advanced Isometric management
TPB3050	1	PDS Management Awareness
TPB3051	1	PDS Technical Awareness Workshop
